Advanced Wireless Digital Video Borescope (BK8500)

XXFEB01

View video @ www.snapon.co.za/BK8500-6500

- **5" (125mm) LCD** screen is the largest in the market
- **4 Application specific viewing modes** - Fine tunes optics for the most common technician applications
- **IOS & Android® compatible** - Use detachable image handle with most popular mobile platforms
- **Windows® Compatible** - Connect the detachable image handle to your PC
- **Full VGA / All Digital System** - Provides clear, high quality images
- **Capture images and video** - Add text or audio annotation
- **Analog video out capability** - For connecting to large format displays

Many applications including:
- Inspection of cylinder bores and valves through spark plug hole
- Rear end components to check proper gear wear and uncover damage
- Under dash for electrical routing and part number verification
- Transmission inspections of bands and gears for wear or failure analysis
- Locate leaks in difficult to reach locations
