250 Lumen Rechargeable Penlight

The New Standard In Penlights

Features and Benefits

- First pen light specifically designed for/by automotive technicians
- 200 lumen spot light/250 lumen work light
- Individual switches for each light provides faster, easier interaction
- Variable brightness memory switch (0-100%) not only allows for 'stepped' brightness levels, but remembers what was last selected
- Carries an IP65 rating signifying advanced protection against damaging liquids and dust
- The first "Duel Fuel" light; operate with lithium-ion or alkaline batteries
- Robust construction built of quality materials to withstand multiple drops and demanding environments
- Stylish design with magnetic dock for recharging

WARNING

-  Wear safety goggles (user and bystander)
Do not look directly at LED lamp. Serious eye injury can result
-  Do not use the lamp near an open flame
-  Always fully charge to extend battery life
Disconnect power before servicing
-  Electrical shock can cause injury
Read additional safety warnings on pages W1 to W4 in Catalog 1400
