Snap-on Multi-Probe Ultra

An Advanced Electrical System Circuit Tester & MultiMeter

Part No: EECT900
Promo Code: XXMAY101

Tests AC and DC voltage, resistance (ohms), and amperage in vehicle applications

- Patented circuit breaker-protected power-up of components to determine function
- Built-in vehicle battery status check provides information to the technician before proceeding with circuit diagnosis
- Ergonomic hand-hold position and large rear-facing color LCD display lets the user get in tight spaces and still read live results on the screen
- Convenient 7m cable allows the user to connect to the vehicle battery and move around the vehicle, including trucks, to check distant circuits like brake lights or trailer terminal connections
- Provides audible smart-tones to indicate tip readings, warning sounds and more.
