### Snap-on HEAVY DUTY Tap & Die Set

Part Nos: TDM99117C + SSX24P135 **Promo Code: XXAUG107**

- 29pc Set includes (24) taps and dies (14-24 mm), (2) die stocks, (1) die screwdriver, (1) tap wrench and (1) metric thread pitch gauge in storage case
- Comprehensive set is ideal for large vehicles, construction, agriculture and industrial applications
- Blow-mould case with interior component size identification moulded in to assist in organization
- Manufactured and precision-milled from high-carbon steel for strength and lasting performance
- Dies feature adjustable set screws that allow the user to precisely adjust the desired amount of material to be removed, important when working on oxidized components or hardened steel
- All taps and round dies are backward-compatible with past Snap-on tap and die sets.
- All components made in the USA from US-sourced materials.

### Snap-on Tap & Die Set (41pc)

- All taps, dies, die stocks, tap wrenches and accessories are manufactured in the USA to exacting tolerances
- Taps and dies are made from high-quality carbon steel which provides optimal strength and lasting performance
- Set covers a wide range of popular sizes: M3-.5 to M12-1.75
- Dies are adjustable to allow precise alignment of thread to thread engagement—it is important to be able to make multiple passes when working on hardened fasteners to ensure a precise fit, this minimizes the potential for loosening of fasteners over time that can lead to costly rework
- Double hex geometry provides greater surface engagement with the die stock for precise control
- Set contains (3) tap wrenches and (2) die stocks providing the technician the choice how and where they want to work
- Snap-on taps and dies are compatible with previous generation of die stocks and tap wrenches
- These sets can be used on carbon steel, alloy steel, stainless steel, aluminum, brass, copper, iron (not cast), bronze and composites
