Ignite360° Auto Darkening Helmet With Light

Skull Design

- IGNITE Series, featuring 360° LED with light-balance technology & multifunction light
- Flip-out light is fully integrated into contour of the helmet when not in use when activated, simply rotate the light to desired angle to view work area when helmet is raised or lowered
- 180° view with fixed shade; 10 side lenses create excellent peripheral field of vision compared to standard bread-box-style helmets
- Extra-large, four-sensor ADF—solar chargeable with battery backup
- iHD viewing with True Color Technology Full wrap-around slag shield
- Patented quick adjust, deluxe, comfort fit headgear—push button adjustment
- New compact shell allows for better performance when used in light work areas
- On-trend design stands out from older style models
