

## CHSL400

# 4 pc Chisel Set (1/4-1")

### Features and Benefits

- Features a comfortable yet extremely durable splitproof composite handle
- Designed for use with steel and steel-faced hammers
- Handle provides a non-slip surface and safety shoulder to prevent contacting the metal blade
- Forged blade is precision ground and honed for strength and blade edge maintenance
- Blades are varnished for rust prevention
- Blades are marked with size designation
- Blade has long edge taper and extra 10 degrees in the tip which ensures proper sharpness
- Blade can be ground for sharpening over three-quarters of its length

### ⚠ WARNING

- Striking and struck tools can break or chip
- Chipped or mushroomed punch and chisel ends or metal weakened by improper grinding can fragment
- Oversized hammer can chip the punch or chisel

Wear safety goggles (user and bystanders). Do not use punch or chisel having mushroomed ends; dress edges or mushroomed ends to original shape with a hand file

Do not misuse a chisel as a punch

Hammer head diameter should be approximately 3/8" larger than head of punch or chisel

Flying objects can cause injury.

- Steel punches and chisels can cause sparks during use

Do not use near flammable substance.

Flammable substances can ignite causing injury.

Read additional safety warnings on pages W1 to W4 in Catalog 1300

## Applications

Used for general woodworking, heavy-duty carpentry, mortising hinges, peeling/removing gasket material, d-rings and tracks in motorhomes/trailers
