WELDCAP

- Made from flame retardant material
- Resists sparks and absorbs perspiration
- Material conforms to ASTM D6413-13b Test Method
- Proprietary ink injection process helps silk screened designs not peel or flake

WARNING

- The welding helmet lens is breakable and does not provide complete protection from flying particles, severe impact hazards and/or corrosive liquids
- Wear ANSI approved safety goggles.
- Flying particles can cause eye or other bodily injuries
- Welding without a darkened welding lens causes ultraviolet rays to burn the eyes
- Read additional safety warnings on pages W1 to W4 in Catalog 1400

WELDGLOVE

- One piece leather
- Full lining protects hands from excessive heat, spatter and sparks
- Soft cotton interior for extra comfort
- AB grade leather material is tough enough to handle rugged jobs
- Extended cuff to shield your wrist when welding and protect against extreme temperatures

CE - Not Required
